GC with Blueprints Placeholder

What Should Be in Your GC Policy?

- General Liability: Job site claims, completed ops, 1M/2M standard.
- Builders Risk: Course of construction coverage.
- Equipment Coverage: For tools, trailers, and site gear.
- Workers' Comp: Required by law and by your GCs.
- Commercial Auto: Vehicles, trailers, and hauling rigs.
- Umbrella: Additional coverage for big jobs or tight requirements.

Real-World Example

General Contractor Insurance in Chicagoland

A Skokie GC hired an uninsured sub who caused \$120K in water damage on a 6-unit rehab. Because we reviewed the subcontractor agreements and advised on proper COI management, the GC's GL policy responded - no lawsuits, no stress, no sky-high renewal.
